Once script is loaded check to ensure script looks correct and has correct information.

## **Broadcasting scripts**

To broadcast a script to the stations and\or Concourse TV or jumbo tron, select the script you want to broadcast then select where you would like to broadcast it to. IE...Server (concourse\Centerhung), stations or all. All messages that appear will need to be confirmed that you want to broadcast Script to which ever option you chose. All scripts are done the same way.

## Forcing the broadcast of Pot\Winning number

In the event that the script broadcast did not reach 1 or all of intended recipients, bring up the 50/50 server window and go to broadcast and select Pot Amount or Winning Number(s) & Amount depending on which script you are trying to force out.
